Assignment-3

Course: Computer Graphics Lab
Semester: B.C.S.E. Third Year

Objective:

Implement an ellipse drawing algorithm to draw an ellipse with a given radius in the raster grid using a) polar, b) Bresenham's Midpoint ellipse drawing algorithm. Check for execution time in ns.

Submission Guidelines:

- Submit your entire Qt project folder.
- Include an assignment report.

Submission Deadline:

- Submission Deadline for Group**(A1)**: **25/08/2025**
- Submission Deadline for Group**(A2)**: **27/08/2025**
- Submission Deadline for Group**(A3)**: **28/08/2025**
